

## An Historical and Critical Account of the Life and Writings of James the First, King of Great Britain (Classic Reprint)

Excerpt from An Historical and Critical Account of the Life and Writings of James the First, King of Great Britain The design of the following fleets is to give a fuller and more distinct view of the character of king James the first, than has ever yet been exhibited by any writer. It is readily acknowledged that this character is in itself a very mean and despicable subject; but as it was attended with very extensive and important consequences both in his and the succeeding reigns so it is humbly presumed that an attempt to illustrate that period of English history which falls within the plan of this subject, will meet with a favourable acceptance from the public. There are inserted in these papers a great number of curious and interesting facts, entirely omitted by our historians who seem to have very little consulted those original writers, and state papers from whence the following account is chiefly compiled. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
