

Fifty Sides of the Beach Boys: The Songs That Tell Their Story

Reflecting on the Beach Boys long, fascinating history, this book tells the story behind 50 of the bands greatest songs from the perspective of group members, collaborators, fellow musicians, and notable fans. It is filled with new interviews with music legends such as Brian Wilson, Mike Love, Alan Jardine, Bruce Johnston, David Marks, Blondie Chaplin, Randy Bachman, Roger McGuinn, John Sebastian, Lyle Lovett, Alice Cooper, and Al Kooper, and commentary from a younger generation such as Matthew Sweet, Carnie Wilson, Daniel Lanois, Cameron Crowe, and Zooey Deschanel. Even hardcore fans will be delighted by the breadth of this musical-history volume. Plans for celebrating the golden anniversary of Americas band include the long-awaited release of 1967s Smile--the most famous aborted album in rock history--and concerts reuniting the groups five main surviving members. The bands music is as influential as it was 50 years ago, and this retelling of how the iconic rock group found itself in the annals of pop culture couldnt come at a better time.
