

Pilgrim Father

In 1608, the Pilgrim Fathers left Immingham Creek in search of religious liberty, travelling to Holland and eventually docking at Plymouth Rock, Massachusetts. The present author bade his brothers farewell, one of whom was living in the aforesaid Lincolnshire port, and likewise sought his fortune across the sea. Not content with his domicile in Germany, Austria and Italy the erstwhile priest found himself echoing the sentiments of Hassan of Baghdad: We are the Pilgrims, master; we shall go Always a little further; it may be Beyond that last blue mountain barred with snow Across that angry or that glimmering sea. The little further was to stretch from the arctic shore of Norway to the Blue Mountains of Australia, from the Greek Aegean Sea to the Armenian Lake Van, from Canterbury to Jerusalem and Constantinople, from Moscow across Siberia to Cathay, from the Himalayas to the island of Singapore. Travel was, of necessity, bound up with making a living and consequently home was where work was to be found: in the fens of East Anglia, on the fringe of the jungle, among the hills of Galilee and in the streets of Vienna. The labourer, the teacher and the priest are three strands in a questing life of which this book is a chronicle.
