Notes From My Inner Meth Lab  
by Bart Hendrickson  
Jokes, observations, standup material

Its like a portable standup routine. There are dirty jokes, words for hecklers, standup comic material, observations, and a bunch of random ideas that came to me from out of nowhere. How about fake names, fake band names, odd inventions that will never work, like the crotchless maxi pad, or lesbian in a bottle. How about alternative song lyrics, or new song lyrics? Really bad poetry. Or movie ideas, or why I am too lazy to be an atheist. Suspend your usual take on things, see things my way for a while, enjoy. This is a newer edition complied with another of my works.
