

My Ten Best Stories. The Book You Should Be Writing Instead of Reading.

No, its not easy to identify ten events in your life that are worth telling people about. Especially when you come to realize how revealing those events can be. I didnt realize that until I was in the middle of writing these ten stories. But once I started there was no turning back. What, was I going to pretend these things never happened? That they werent really part of my life? No, they needed to be put on paper. And so do your ten best stories. Not for the therapeutic value of it. Although theres not denying you can shake a lot of demons in the process. And not to live past glories or confess past sins. But to simply give the world a little bit more insight into just how crazy the human experience can be.
